Promotion to our Secondary School

To realize the spirit of through-train education, our school commits to promoting all our primary students to our secondary school. At the beginning of each school year, the school will send a confirmation letter to all parents of P.6 students. For those who sign the confirmation letter, the school will reserve a place for their children in Secondary One of our school. However their children will not be able to participate in the Secondary School Places Allocation.

As our God always provides us with choices, the school is willing to provide and respects the choices of parents. If parents choose to send their children to another secondary school, they need to sign a consent letter to give up the S.1 place of their children. The S.1 places of their children will be opened for application from outside. The school will then give them the application forms for participating in the Secondary School Places Allocation.
