- 4.1.2 The student-applicants must be unmarried Hong Kong Residents, residing with the family of applicants, with right of abode, right to land or valid permission to remain without any condition of stay (other than the limit of stay) in Hong Kong. Students holding visitor visas, two-way exit permits, student visas or who are dependents of non-local students / student-visa / visitor-visa holders are not eligible to apply for student financial assistance.
- 4.1.3 Applicants must pass the means test. (Appendix 1)
- 4.1.4 Students receiving the CSSA and students receiving financial assistance provided by SFAA could apply for school fee remission.

4.2 Subsidy for Life-wide Learning Activities

- 4.2.2 To enable students granted Type I to Type IV School Fee Remission to attend outing activities (e.g. school picnics, local or cross-boundary learning activities etc.) organized or endorsed by the school, the school will provide full subsidy for them to attend the function.

4.3 School Textbook Assistance

- 4.3.1 Since successful applicants for 3/4 or full school fee remission in our school are eligible for School Textbook Assistance offered by SFAA of the government on application, the school will not provide them with School Textbook Assistance. Similarly, CSSA families have received assistance for expenditures on items such as uniforms and textbooks, they will not be granted related subsidy from the school.

In case that a family comes across sudden and serious financial difficulty due to bankruptcy, passing away of the family member who is the major source of income of the family, divorce, serious sickness/ injury, the parent(s) of the student may apply for school fee remission or other financial subsidies. “The Team” might re-assess the total income of the family and/or deduce the sudden medical expenditure and/or death gratuity from the total income of the family; and then submit the application to the Chief Principal for approval. “The Team” then needs to write and submit a report to “The Committee”. The school will vet the application case by case. The approval will only be valid maximum for one year. The school will review the case by the end of the school year.

A. The Means Test (Student Financial Assistance Agency)

The SFAA will use the "Adjusted Family Income" (AFI) mechanism as the means test to assess the eligibility of a family for student financial assistance and its assistance level. The AFI mechanism is based on the following formula:

$$\text{AFI} = \frac{\text{Gross annual income of the family}}{\text{Number of family members} + (1)}$$

- Gross annual income of the family includes the annual income of the applicant and his/her spouse; 30% of the annual income of unmarried child / children residing with the family if applicable; and the contribution from relatives / friends if applicable.
- The members of a family normally refer to the applicant, his/her spouse, unmarried child / children residing with the family and the dependent parent(s) who are supported by the applicant and/or his/her spouse (Please refer to the Guidance Notes on Application for Assessment of Eligibility for definition of “Dependent Parent”).
- For single-parent families of 2 to 3 members, the ‘plus 1 factor’ in the divisor of the AFI formula will be increased to 2.

B. Level of Assistance

The AFI and the school's eligibility benchmarks for various levels of assistance in the 2026/2027 school year are listed below. **Please note that the AFI is not the average monthly income of a family.**

Table 1: Various Level of Assistance Offered by the School

(For School Year 2026/2027)

	AFI Groups between (HK\$)		Level of Assistance				
			By Government (For Reference Only)	By Evangel College			
				School Fee Remission	School Fee Remission	Life-wide Learning Grant	School Text-book Assistance (STA)
I	0	46,292	Full	Full	Full	Nil	Full
II	46,293	89,515	Half	3/4	Full	Nil	Full
III	89,516	X	Ineligible	Half	Full	Equivalent to half grant of STA by government	Full
IV	X+1	Y	Ineligible	Ineligible	Full	Equivalent to half grant of STA by government	Full
V	Y+1	Above	Ineligible	Ineligible	Ineligible	Ineligible	Ineligible
VI	ON CSSA		-	Full	Full	Nil (Provided by Government)	Full

The school may impose attendance requirement in some activities. Students do not meet the attendance requirement may not receive the subsidy.

Remarks:

Upper limit of gross annual income of Category II family + 75% annual school fee

$$X = \frac{\text{Upper limit of gross annual income of Category II family} + 75\% \text{ annual school fee}}{\text{Number of family members} + 1}$$

Upper limit of gross annual income of Category III family + 50% annual school fee

$$Y = \frac{\text{Upper limit of gross annual income of Category III family} + 50\% \text{ annual school fee}}{\text{Number of family members} + 1}$$

*AFI thresholds for full level of assistance for 3-member and 4-member families are **\$56,044 and \$51,561** respectively. For 2-member single-parent families and 3-member single-parent families, they are regarded as 3-member families and 4-member families respectively for determining the AFI thresholds for full level of assistance and calculation of AFI. °*
